September 2024 - Present • [↗](#)

## Skills

**Frontend Development:** React 19, Next.js 16, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, SCSS, Redux Toolkit, React Router DOM, Axios

**UI/UX & Animation:** Responsive Design, Framer Motion, GSAP, AOS, Swiper.js, Skeleton & Lazy Loading, Figma(Dev Mode)

**Performance & Optimization:** Git & GitHub, VS Code, Postman, Netlify, Vercel, Chrome DevTools, AI-assisted tools

**Other:** Component Architecture, Reusable Components, Accessibility (WCAG), SEO Best Practices, Debugging

## Projects

### EZYSKILLS – E-Learning Platform • [↗](#)

Description: Responsive React SPA with interactive decision-tree chatbot for IT career guidance. Includes reusable component architecture and performance optimizations (lazy loading, code splitting).

### Elite Gym – Professional Gym Management System • [↗](#)

Description: Full-featured platform using Next.js 16 and TypeScript. Features role-based dashboards, real-time data with Appwrite, responsive UI, and an AI-powered fitness assistant.

### Cartopiaa – E-Commerce Application • [↗](#)

Description: Modern responsive e-commerce SPA with React and Vite. Includes dynamic product pages, cart & checkout workflow, interactive chatbot, and performance optimizations (lazy loading, code splitting, skeleton loaders).

### Flame & Bun – Restaurant E-Commerce • [↗](#)

Description: Responsive restaurant e-commerce platform using Next.js 16 and React 19. Features full product catalog, shopping cart, wishlist, user authentication, customization options, and smooth animations.
